

**YOUR MONEY'S
NOT GOING
ANYWHERE.**

Now insured for
\$250,000.

YOUR MONEY IS SAFER THAN EVER.

We are pleased to announce that the deposit accounts here at Idaho Credit Union are now federally insured up to \$250,000 per owner. The new, higher NCUA insurance limits will provide protection and peace of mind for our valued members. You can save with confidence because:

- **Your accounts are federally insured to at least \$250,000.** You can gain even more coverage by structuring your accounts in certain ways. For example, a joint account would be insured to \$500,000. We can explain how to maximize your coverage.
- **This is solid, government-backed insurance.** The NCUA is backed by the full faith and strength of the United States government. Even with the recent bank failures, no depositor has lost a penny of insured funds.
- **Your credit union is safe and sound.** We have a solid asset base and a strong loan portfolio. Since we do not write risky loans or sub-prime mortgages, we have avoided many of the problems that have plagued the industry.

The new limits will remain in effect through the end of 2009. Please note that IRAs are still insured up to \$250,000. This coverage has not changed.

If you have further questions about the new insurance limits, please contact Idaho Credit Union or visit www.ncua.gov.
